EXAMINER'S AMENDMENT

An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on 2/16/2006, Mr. Mark Hansing requested an extension of time for 1 MONTH(S) and authorized the Director to charge Deposit Account No. 26-0084 the required fee of \$120.00 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 15 has been amended to read:

--Claim 15: The bidirectional slide lock of claim 10 wherein the second clip is attached to the door surface by a screw.—

The following is an examiner's statement of reasons for allowance:

Claim 10 and all claims dependent there from allowed as previously indicated.

Claim 1 and all claims dependent there from are allowable because the prior art neither shows nor teaches a first clip with two pawls and two flanges with a first hole to receive a first screw, and a door surface adapted top receive the first screw in combination with a second clip with two pawl stops and a second hole to receive a second screw, and a handle surface adapted to receive the second screw.

Examiner considered Gose et al. (US 2004/0094560) and notes that Gose et al. anticipates all of applicant's claims, and would be a proper 102(e) reference but for the fact that both applications are assigned to Maytag Corporation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel J. Mills whose telephone number is 571-272-8115. The examiner can normally be reached on M-F 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Daniel P. Stodola can be reached on 571-272-7087. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
